Subject: Submittal of FY 2004-2005 Annual Report

Dear Mr. Wolfe:

I am pleased to submit the Annual Report for implementation of the Santa Clara Valley Urban Runoff Pollution Prevention Program's (SCVURPPP's) Urban Runoff Management Plan (URMP) during fiscal year 2004-2005. Submittal of this Annual Report fulfills Provision C.6 of NPDES Permit No. CAS029718 (Order 01-024 as amended). The report provides documentation of the SCVURPPP's and the Co-permittees' activities; evaluation of the effectiveness of these activities; and measures for continuous improvement toward achieving the SCVURPPP goals.

Sections 1 and 2 of the Annual Report describe activities conducted by the SCVURPPP on behalf of the Co-permittees, in the areas of program management, permit management and continuous improvement. Section 3 contains information on the Program's local and regional public information/participation program including the Watershed & Outreach efforts coordinated with the Santa Clara Basin Watershed Management Initiative (SCBWMI). Section 4 contains information on the Program's two pronged monitoring approach covering: environmental monitoring and assessment, and programmatic monitoring for FY-04-05. Section 5 covers the Program's watershed management measures including the work that Program and Co-permittees have conducted to both support the SCBWMI and integrate both efforts. Section 6 covers the Program's pesticide management activities to comply with Provision C.9.d. and Section 7 contains a report of the Program's Mercury Pollution Prevention Activities conducted during FY 04-05 per Provision C.9.c

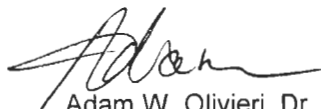

Section 8 describes the Program's efforts during FY 04-05 to assist Co-permittees in addressing and controlling development and re-development as it relates to stormwater quality and flow through the development project planning, review and approval process, per Provision C.3. Section 9 contains the Co-permittees' IND and IC/ID Summary Tables for FY 04-05. Co-permittee summary tables are also included in each Co-permittee Annual Report and contain similar information to what is found within Section 9 of the Program's *FY 03-04 Annual Report*.

Section 10 (bound in two separate volumes) contains the Co-permittees' FY 04-05 Annual Reports, prepared in accordance with the Water Board staff document entitled *Suggested SCVURPPP Co-permittee Annual Report Format* (Draft) dated May 29, 2003. Each Co-permittee Annual Report includes a cover letter summarizing local program highlights, accomplishments and continuous improvement items; and a certification statement.

During FY 04-05, a significant amount of Program and Co-permittee staff time was expended working with Water Board staff on two Tentative Orders (one of which was adopted), responding to Water Board staff comments and preparing submittals required by the Program's NPDES permit. In addition, Program staff focused on completion of the SCVURPPP *Hydromodification Management Plan Report*, including holding public meetings, incorporating public and Water Board staff comments, completing the final report for Management Committee approval on April 21, 2005, culminating in adoption by the Water Board on July 20, 2005.

Please contact me if you have any comments or questions. We look forward to working with you to successfully address new challenges during FY 05-06.

Very truly yours,

Adam W. Olivieri, Dr. P.H., P.E.  
Program Manager
